

The **Kettle Moraine Figure Skating Club** is a 501-3c non-profit organization devoted to the instruction and development of the sport of figure skating in the Washington County community. It actively promotes the mental and physical rewards of recreational skating. In doing so the figure skating club provides the community with the only formal, professionally taught skating program in the county. The club is run solely by parent volunteers - who have over the years devoted countless hours to making the club what it is today!

**Group lessons** take skaters from their first step on the ice through acquiring all of the single jumps. Progress is always rewarded! In an effort to support and encourage their development the club hosts **an annual basic skill competition** where skaters can demonstrate their skills. These types of competitions are geared toward developing a sense of confidence and accomplishment. Events are kept small with **every** skater being rewarded for their placement ! Additional **practice ice** is offered as skaters progress in order to encourage further development and accommodate private lessons with our professional staff.
